Informed [] that the Director would see []
about 3 p.m., if it were necessary for him to do so. At the same time
suggested to [] that O/NE and O/CI representatives be
invited to social events for such foreign representatives, in view of
the value that such contacts might have to the intelligence offices.
I indicated that [] might use his own judgment as to whether or
not there were good reasons for not issuing such invitations.

Discussed with Mr. Dulles and Mr. Pforzheimer the composition
and procedures of the Loyalty Review Board.

Discussed with Messrs. Douglass [] the [] draft
for USCIB meeting tomorrow. Douglass tended to agree that nothing
need be done now save possibly for limited application of existing
emergency clause.

Discussed briefly with Mr. Douglass personnel problems of O/CI and was informed by him that he had raised with the Director the question of having an over-all evaluation of intelligence offices. This suggestion would be made by the Director, possibly, in his capacity as Chairman of IAC.
